Dear Roman Family,

Dear Éva,

On behalf of the Hungarian Gustav Mahler Society, please allow us to express our deepest and sincere condolences for the loss of **Zoltan Roman**, a husband, a father, our most respected friend, a distinguished musicologist and Mahler-researcher.

With his devoted knowledge, Zoltán was pleased to take part in the half of the more-than-10 years' operation of our society. In a wonderful cooperation with Zoltán, we managed to have his great book entitled 'Mahler and Hungary' translated into Hungarian and have it published in Budapest in 2010.

We know that he was tireless in searching for more and more depth of the music of Gustav Mahler. He must have taken much of his thought, discovery and experiences with himself forever.

We preserve his memory with love and gratitude.

We will keep a memorial session in December for his honour.

Grieving with you,

on behalf of the

HUNGARIAN GUSTAV MAHLER SOCIETY,

Gáspár Anna and Kovács Gábor
